

KALDEWEI CLASSIC DUO OVAL

The must-have for relaxation.

Purism and simple elegance characterise the free-standing CLASSIC DUO OVAL bath series. The oval shape, the generous depth of 42 cm as well as the two identical backrests and central waste outlet ensure that two people can bathe in an extremely pleasant and comfortable way. The edge panelling, which is perfectly matched to the bathtub, consistently aligns with the protruding shape and offers plenty of storage space. The free-standing CLASSIC DUO OVAL offers creative combination options and represents modern, solitary design in the bathroom.
